compared to Tier 2 and Tier 1 units.

## *7Ka/5 Which way is the force acting? - Physicslocker*

Forces are acting everywhere in the universe at all times. Examples of Force If you were a ball sitting on a field and someone kicked you, a force would have acted on you. As a result, you would go bouncing down the field. There are often many forces at work. Physicists might not study them all at the same time, but even if you were standing in ...
