In this article, we will take a brief look at what the primary skills are, and a quick introduction into each. We will go into each of them in more detail in other articles and link them in each section here. Everyone has spiritual abilities, but I can guarantee that more people have them and don't know, than people who actively practice them.

Brief Introduction to Chinese Metaphysics - 2

Metaphysics is traditionally one of the four main branches of philosophy, alongside ethics, logic and epistemology. It is an area that continues to attract and fascinate many people, even though it is generally thought to be highly complex and abstract. For some it is associated with the mystical or religious. For others it is known through the metaphysical poets who talk of love and spirituality.

Metaphysics (Stanford Encyclopedia of Philosophy)

There is a story — probably apocryphal — that the word 'metaphysics' came from the librarians who were trying to catalogue the works of Aristotle. They put his books about ethics, logic, and physics on the shelf, and then weren't sure what to call the rest, so they just called them ta meta ta physica (the ones after physics).

Wondering About What There Is - Articles - BioLogos

Metaphysics is hard to define. The term itself can mean "beyond physics" but it's tricky to get more precise without inviting controversy. Early use of the term simply referred to the topics covered by the work placed after (hence meta) the Physics in the traditional editing and not commentary of Aristotle's works made by the Greek Peripatetic philosopher Andronicus Of Rhodes.
