## sheep mammary cells fused to eggs without nuclei d DNA cut ...

of algae and fungi. Algae produce nutrients through photosynthesis, which are used by fungi, and the fungi supply algae with the water they need to survive. Lichens are hardy organisms that can live and reproduce attached to rocks, trees and soil. They can slowly break down rocks contributing in this way to the formation of the soil.

## Ch 10 crit\_think\_wksht.doc - Google Docs

Holt Biology Critical Thinking Fungi related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains. Fungi Matters with
