The economic history of India begins with the Indus Valley Civilization (3300–1300 BCE), whose economy appears to have depended significantly on trade and examples of overseas trade, notable being Indus-Mesopotamia relations. The Vedic period saw countable units of precious metal being used for exchange. The term Nishka appears in this sense in the Rigveda.

Business, Management & Accounting - Routledge

The tourism industry, as part of the service sector, has become an important source of income for many regions and even for entire countries. The Manila Declaration on World Tourism of 1980 recognized its importance as "an activity essential to the life of nations because of its direct effects on the social, cultural, educational, and economic sectors of national societies, and on their ...
