Knowledge in Perspective: Selected Essays in Epistemology ...

Knowledge in Perspective: Selected Essays in Epistemology Ernest Sosa. Ever since Plato, philosophers have faced one central question: what is the scope and nature of human knowledge? In this volume the distinguished philosopher Ernest Sosa collects essays on this subject written over a period of twenty-five years. All the major topics of ...

Knowledge in Perspective: Selected Essays in Epistemology ...

In this volume the distinguished philosopher Ernest Sosa collects essays on this subject written over a period of twenty-five years. All the major topics of contemporary epistemology are covered: the nature of propositional knowledge; externalism versus internalism; foundationalism versus coherentism; and the problem of the criterion. 'Sosa is one of the most prominent and most important epistemologists on the current American scene.'

The essays collected in this book, by James A. Banks, a foundational figure in the field of multicultural education, illuminate the interconnection between the author's work on knowledge construction and civic education. In pieces both poignant and personal, Banks shares some of his most groundbreaking and innovative work. Diversity, Transformative Knowledge, and Civic Education aims to ...

Diversity, Transformative Knowledge, and Civic Education ...

Few perspectives have invigorated the development of critical museum studies over the late twentieth and early twenty-first centuries as much as Foucault's account of the relations between knowledge and power and their role in processes of governing. Within this literature, Tony Bennett's work stands out as having marked a series of strategic engagements with Foucault's work to offer a ...
