Underwood Pathology 6th Edition

Reviews of previous edition: Underwood's pathology is a very concise and yet full guide through the progression of diseases. It is fantastic for PBL because it gives you a basic pathological outline and explains the technical terminology as it goes.

Underwood's Pathology a Clinical Approach Elsevier

Underwood in the preface notes, editing of comprehensive pathology textbooks is a Sisyphean task. Medical students worldwide will be grateful to him that he did not give up and that he managed to revise his book on time for its fourth edition. I had the opportunity to attend a dinner with professor Underwood while he was working
